The Lighting Trailers?

Here are the TOP TEN reasons why a Lightning Trailer is the best trailer on the market today.

Aluminum France Itel Savings & Increased Payload Capacity

Aluminum Frames weigh considerably less than steel frames. The result is better fuel mileage and greater payload capacity.

Lightning Trailers uses the finest quality aluminum for our trailers.

Proper alloys are critical for corrosion resistance and producing long lasting aluminum trailers.

3

Standard on all Lightning models, L.E.D. lights draw less power from your vehicle's battery, have longer life expectancy, and shine much brighter.

Hos Aluminum Roof

Our standard one piece Aluminum roof is wrapped completely over the edge to provide superior leak protection.

Powder Coaled Bar Locks

Our bar locks are zinc coated first and then are powder coated to provide you with 2 layers of corrosion resistance.

Setti bellil negatill ennskizet elizberi

(N/A on Avalanche Models)

Nitrogen filled tires run cooler leading to increased tire life. Roadside Assistance is included on all Lightning models, giving you peace of mind for the road ahead.

Ramp Door Bulb Seel Trillin

Our rubber, automotive style bulb seal is integrated directly into the aluminum trim offering better protection and longer life than industry standard foam tape.

Dexler Axles

Dexter Axles, with over 50 years in business, is a recognized leader in axle manufacturing. Service is available nationwide in both the U.S. and Canada.

8/8" Drymax Walls by OP

Standard on most models; Drymax walls provide better protection against moisture, better durability, and a more uniform finish than standard plywood.

Superfor Craftsmanship

Lightning Trailers "ONLY" builds aluminum framed trailers. We use quality components and a workforce with over 20 years of aluminum manufacturing experience to build great, quality trailers.
